TRANSPORTATION PROCEDURE	NWOSSC 108
--------------------------	------------

SECTION 100 GENERAL	Page 1 of 1
---------------------	-------------

108 EATING AND DRINKING ON SCHOOL BUSES	Date: November 2011
--	---------------------

Statement and Rationale	In the interest of student safety, eating and drinking is not permitted on school buses. There has been a significant increase in the number of students who have serious allergies which can result in an anaphylactic reaction requiring an epi-pen and/or medical intervention.
Procedure	<p>The Consortium will provide posted signs as necessary for school buses. Signs shall be consistent and state, in text and symbol “For safety reasons, eating and drinking is not permitted.”</p> <p>The exception to this may be students who are diabetic. The Consortium may require medical documentation to confirm this medical condition. In these cases, these students will be permitted to eat to avoid an insulin reaction.</p> <p>This information is also available on the Consortium Website.</p>
