SECTION 100	GENERAL	Page 1 of 1
-------------	---------	-------------

114 HAZARDS	Date: February 2011
--------------------	---------------------

Statement and Rationale	The Northwestern Ontario Student Services Consortium will consider hazard designations when the attributes of the geographic area would typically alter the way a community uses the area and where it would not be reasonable to expect pedestrian movement.
-------------------------	---

Procedure	<p>The Manager of NWOSSC is solely responsible for the designation of a hazard area and the decision is final and not subject to appeal.</p> <p>Hazard designations are reviewed periodically and may be removed or implemented as conditions change.</p> <p>Temporary hazard areas may be established in construction zones, flooded areas or any other circumstances which NWOSSC may deem appropriate.</p>
