This program teaches bus safety to first time riders in Junior Kindergarten and provides an opportunity for students to experience a bus ride.

√ Sessions will be approximately 1 hour.	√ There must be at least 25 participants.
√ Pre-registration is necessary.	√ This program welcomes students from JK to Grade 3.

Sessions may include a bus video and various interactive activities. Children, along with a parent, will be given a bus ride that will allow them to practice what they have learned. An opportunity for children to ride without parents will be provided as well with transportation staff on the bus.

Due to safety reasons, we are unable to permit toddlers or infants a ride on the bus.

Interested parents are asked to pre-register for the Kenora/Dryden sessions by calling the NWOSSC at 223-1256 or toll free 1-866-860-7770, ext. 1, or email us at bussing@nwobus.ca. Families in all other communities are to contact your school for details.

We are open year-round.
